

EU RoHS Declaration

European Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment, as amended or restated periodically, including in Commission Delegated Directive (EU) 2015/863 of 31 March 2015 (the "RoHS 2 Directive")

Product Description: Power Sensor, 1.8 MHz to 32 MHz, 0.3 W to 1 kW

Product Number: 4021

Bird Technologies Group declares that, to its knowledge, as of the date of this document, the product(s) listed above **do not comply** with the requirements of the RoHS Directive.

The term RoHS Compliant indicates that named product(s) are compliant with the RoHS requirement that the ten restricted substances, when present, are below the specified maximum concentration value by weight in homogeneous materials (see table below). Some RoHS Compliant products may contain restricted substances in applications for which exemptions have been granted by the RoHS Directive. If exemptions are required, they are listed below.

RoHS Exemptions	
Exemption ID	Description
7(a)	Lead in high melting temperature type solders (i.e. lead-based alloys containing 85 % by weight or more lead)
7(c)-I	Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors, e.g. piezoelectronic devices, or in a glass or ceramic matrix compound

This declaration is based on our understanding of the requirements of the RoHS Directive and knowledge of the materials that go into our products. Bird Technologies Group bases its knowledge on information provided by third-party suppliers and makes no representation or warranty as to the accuracy of such information. We continue to take steps to obtain accurate information from suppliers but have not conducted destructive testing or chemical analysis on incoming materials to verify material composition.

Regards,

Colin Kemp
